- Step 1:** Pick a base and 3-4 other designer papers or cardstock you want to use.
- Step 2:** Using 3-4 various papers, angle them along the bottom of your page, alternating between sides of the base. Allow the excess to hang over the edge, trimming as needed.
- Step 3:** Adhere down your papers, once you have them how you would like them. Then turn over your layout and trim off whatever is hanging over the edge. Add a small strip to the top of your page, about 1/2" - 3/4" x 12".
- Step 4:** Trim, mat, and adhere your photos (2 are 4"x5.5", and 2 are 3" x3.5"). Add embellishments and journal.
