- Step 1:** Select a paper for your base and a variety of coordinating scraps and/or papers. Cut 12 strips of paper at 4-1/2" x 1".
- Step 2:** Layout your pieces in a column along the left side of your base, then adhere them down once you like it. Adhere a border sticker or border to the center of your stack. Add embellishments and a title sticker as shown.
- Step 3:** Use your decorative trimmer to create 2 narrow pieces with the wider wave track. Adhere those on each side of your border sticker. You can also create an edge wave for the right side of your layout, or just cut a straight strip at 1/2" x 12". Adhere to the right side of your layout.
- Step 4:** Trim 3 photos to fit on your page, mat them if desired. Embellish and journal.
