

An Ashley's Scrappy Original

- Step 1:** Select a paper for your base, and 2-3 others for your mats and other pieces. I encourage a louder piece for your side strip since this is such a simple page.
- Step 2:** Trim your photos to 5-1/2" x 4", or you can choose to leave them full size. Just make sure to adjust your mat sizes accordingly.
- Step 3:** Create 2 mats for your photos at 5-3/4" x 4-1/2". Adhere your photos to them. Cut a piece of paper to 6" x 9". Adhere your matted photos to that.
- Step 4:** Create a 3" x 12" strip for your side piece. Adhere it along the edge of your layout. Adhere your photo piece to the center of the empty space. Add the 4" x 3" journaling box as pictured.
- Step 5:** Add embellishments and journal to complete your page.

Check out my blog post,  
walking you through this layout  
here.
