

An Ashley's Scrappy Original

- Step 1:** Select a paper for your 12x12 base. Create a border strip at 12" x 2" for your top, and another at 12" x 1/2" and adhere them to the top.
- Step 2:** Create/use multiple strips ranging in size from 6"-8" in length by 1/2" - 1" in width. Adhere them centered, but shifted to create the more jagged edges. Visualize your photos fitting, centered on top of them to help you keep them centered enough.
- Step 3:** Trim your photos to 3-3/4" x 5-1/2" and adhere them to the center of your strips.
- Step 4:** Journal and embellish.
