Step 1: Select a paper for your 12x12 base. Select another paper to layer on top of your base sized 11" x 11". Adhere to the center of your base.

Step 2: Create a circle at about 5-1/2" wide with your circle cutter or cutting system. Cut one side of it off at about 1/4 of the way.

Step 3: Cut a strip of paper at 4"x 12" and adhere toward the right of your layout. Slide the smaller piece of the circle underneath and adhere it down. Cut 2 strips at 1/4" x 12" and adhere to each side of your larger strip.

Step 4: Trim and mat your photos. Adhere them as shown. Adhere the larger part of your circle just above, slightly beneath, your larger photo. You can opt to select a mat and adhere it below your larger photo.

Step 5: Embellish and journal.
