Step 1: Select a paper for your 12x12 base. Feel free to "gut" the center out to save some paper or mat your photos on. Cut another piece of paper to 11-3/4" x 11-3/4" and adhere to the center of your base.

Step 2: Punch out 6 squares with your square punch, or cut squares to 1-3/4" x 1-3/4". Trim a piece of cardstock to 11-3/4" x 2" and adhere your squares to it, evenly spaced. Cut the strip in half. Adhere your strips to the top and bottom of your 11-3/4" sheet.

Step 3: Trim and mat your photos. If you have an XL frame, put your 4" x 6" photo in it. If not, you can create a 7" x 9" frame/mat to use, or you can just add extra embellishments to fill the space like I did.

Step 4: Journal and embellish.
