- Step 1:** Select a 12x12 paper for your base. Select another 12x12 paper to be your tilted sheet on top and adhere it at an angle.
- Step 2:** Trim your photos. The sketch calls for 2 of them to be at 4"x4", and the other 2 at 6" x 4". Mat them with slightly larger mats. Adhere them as shown in the sketch, allowing corners to hang over the edge if desired.
- Step 3:** Trim off the excess that is hanging over your base by using scissors or turning your layout over and using your 12 inch trimmer.
- Step 4:** Embellish and journal.
