

Step 1: Select 2 12x12 papers/cardstock for your base. Select a few other sheets for other page elements. If you want to use the tree theme, find another piece with trees.

Step 2: Tear 4 strips from one of your coordinating papers and adhere to the tops and bottoms of each of your bases. Trim/fussy cut your tree trunks (or strips of paper) for your pages. Adhere over your borders, down your bases.

Step 3: Trim your photos. 4 of them are 4" x 4" and 2 are 5-1/2" x 4". Mat and adhere to your pages. Use a 4" x 6" mat for your title and mat it on a 4-1/2" x 6-1/2" piece.

Step 4: Embellish with leaves and journal.
