

2025 Challenge 21 – Ashley's Scrappy VIPs

(Found on the CM Blog Post from 10/27/2022)

Step 1: Use a piece of photographic cloudy moonlit sky designer paper as the base for this layout.

Step 2: Using the Spider Webs Frame Punch, punch a frame around the White Solid Cardstock. Position one edge at a "frame" silver mark on the arm of the punch. Punch, then rotate the cardstock to the adjacent corner and position at the silver mark on the opposite arm of the punch. Punch. Repeat with the three remaining corners. Once the corners are punched, align one punched web with the web markings on the arm of the punch. Punch, then slide the cardstock down to align the just punched web with the web markings on the arm of the punch. Punch and continue all around the frame until complete.

Step 3: Using the inside edge of the Jumbo Circle Custom Cutting System Pattern and the Red Blade, cut a circle from the middle of the White Cardstock frame. Adhere on the layout.

Step 4: Using the Blue Blade, cut a circle with gold glitter paper. Without moving the pattern, switch to the Red Blade and cut out a ring. Adhere on the layout. Using the Green Blade, cut a circle with orange crescent moons paper. Without moving the pattern, switch to the Red Blade and cut out a ring. Adhere on top of the gold glitter ring.

Step 5: Cut a 12" x 2" strip of stardust paper. Align one short end in the Spider Webs Frame Punch with the black marking on the front of the punch. Punch. Repeat with the other short end. Adhere on the layout as shown. Adhere a moons laser-cut border along the bottom edge using the Precision Point Adhesive Pen.

Step 6: Crop three photos to 3-1/4" x 3-1/4" and mat with three 3-1/2" x 3-1/2" pieces of orange crescent moons paper. Mount on the layout as shown.

Step 7: Adhere additional stickers and embellishments, popping some up with Foam Squares for added dimension.

Step 8: Journal as desired.
