Step 1: Use a 12x12 piece of cardstock or designer paper for the base of your layout.

Step 2: Cut another piece of designer paper to 10x10 and adhere to the bottom, right of the layout as shown.

Step 3: Cut 2 strips of paper to 11-³/₄" x 1-¹/₄" and cut a "v" in one end of each. Adhere one along the top of your layout and the other down the left side of your layout.

Step 4: Punch 2 snowflake borders in cool grey paper, and 2 snowflake borders in white. Layer the white ones on top of the grey, off-setting them slightly to create the "shadowed" look. Trim them to the length of each of your "ribbons" and adhere on top of each one.

Step 5: Create 2 mats that are 4x4 and one that is 6x4. Add photos that are 3-¹/₂ x 3-¹/₂ to each of the 4x4 mats, and one that is 5-¹/₂ x 3-¹/₂" to the larger mat. Adhere to your layout as shown.

Step 6: Add a title with stickers and embellishments, and journal and add other embellishments as desired.
