Step 1: Use the dots designer paper as the base for this layout. Splatter Rich Cocoa ink on the top left and bottom right of the page.

TIP: If desired, add Rich Cocoa ink to the edge of the remaining pieces on the page. This adds depth and interest to your layout.

Step 2: Cut (1) 4" x 12" piece of the stars designer paper. Adhere this piece 1-1/2" from the left edge. Cut (1) 1" x 12" piece of the dark wood designer paper. Place this piece directly to the right of the stars designer paper. Finish this section by placing a wooden knobs border sticker where the

papers meet.

Step 3: Next, cut (1) 6" x 8" piece of the beige plaid designer paper. Adhere this piece 2" from the left edge and bottom of the page.

Step 4: Cut (1) 3-1/4" x 4-1/4" and (2) 4-1/4" x 4-1/4" pieces of the paper texture designer paper. Crop and add photos to these photo mats. First, adhere the smallest mat 2" from the top and 2-3/4" from the right edge of the page. Place a larger mat 1/8" below and align it with the left side of the upper mat. The final mat is 2-1/2" from the left side and 2-3/4" from the bottom of the page.

TIP: If you add thin foam squares to the final mat, it makes that photo the focal point of the page.

Step 5: Cut the Cuteness Overload Mat card in half. Tuck the green side under the top two mats. Tuck the other side on the right side of the photos as a journaling block.

Step 6: Finish the layout by adding stickers using thin foam squares as desired.
