

2026 Summer Scrappy Camp - Adventure Awaits! Challenge 23 - #scrappyhike23 (July 25, 2026)

For this challenge, you will be enhancing your page by bruising inks onto it!

To meet the requirements of this challenge, you need to simply brush your ink onto your layout, behind your photo clusters and/or embellishment clusters.

This is a great way to help those stand off the page even more.

The way I did this one: All I did was crop down my photos, mat them, and add a scrap of the purple behind it all to create an additional element.

Before adhering everything, I brushed 3 different colors that coordinated with my papers where my photos and embellishments would be.

Tips: You will want to “bleed” your ink off the brush with the initial swipe after applying the ink on a scrap piece of paper or on your non-stick mat. See my video in the blog link where you got these instructions to see how that’s done.

Also, PRACTICE on another piece of paper!
