

2026 Summer Scrappy Camp - Adventure Awaits! Challenge 27 - #scrappyhike27 (August 1, 2026)

Step 1: Use a piece of Bright White Cardstock for the base of this layout.

Step 2: Cut 4 pieces of tonal paper to 12" x 2-1/2". I highly recommend tonal papers as the punches will look cluttered on anything too loud.

Step 3: Choose 4 different shape punches and punch multiples of each one until you have enough to fill each strip with each type.

Step 4: Adhere your punched out shapes to each of their corresponding strips, allowing them to overhang along some of the edges.

Use Repositional Tape Runner to make it easier. Trim off any excess from the edge of your strip. Continue until you have each strip done.

Step 5: Adhere your strips in a row, centered on your base as a whole.

Step 6: Cut your photos how you want and mat on White Cardstock. Adhere them to the page.

Step 7: Punch out 2 borders from the Monstera Leaves Border Punch and adhere one of each to the top and bottom seams of your strips.

Step 8: Journal, title, and embellish as desired.
